

Instruction:

- Print out the turkey life cycle page and picture. Cut out the picture and glue it in the designated space to create the life cycle of a turkey.
- Print out the provided turkey body parts. Cut them out and assemble them to create a turkey.
- Print out the wheel and the wheel card. Cut out the wheel and glue it onto the turkey body shape. Make sure the wheel is aligned with the appropriate sections of the turkey.
- Print out the Emergent Reader and read the sentences about the turkey life cycle.
- Use the Turkey Life Cycle Pocket Chart Sentences. Cut out the sentence strips and arrange them in the pocket chart to create sentences about the turkey life cycle.
- Use the Turkey Life Cycle Pocket Chart Sentences Response Sheet to record or write down the sentences created in the pocket chart activity.
- Refer to the Turkey Life Cycle Anchor Chart to learn and discuss the different stages of the turkey life cycle.
